Contributor Covenant Code of Conduct

Our Pledge

We as members, contributors, and leaders pledge to make participation in our community a harassment-free experience for everyone, regardless of age, body size, visible or invisible disability, ethnicity, sex characteristics, gender identity and expression, level of experience, education, socio-economic status, nationality, personal appearance, race, caste, color, religion, or sexual identity and orientation.

We pledge to act and interact in ways that contribute to an open, welcoming, diverse, inclusive, and healthy community.

Our Standards

Examples of behavior that contributes to a positive environment for our community include:

* Demonstrating empathy and kindness toward other people
* Being respectful of differing opinions, viewpoints, and experiences
* Giving and gracefully accepting constructive feedback
* Accepting responsibility and apologizing to those affected by our mistakes, and learning from the experience
* Focusing on what is best not just for us as individuals, but for the overall community

Examples of unacceptable behavior include:

* The use of sexualized language or imagery, and sexual attention or advances of any kind
* Trolling, insulting or derogatory comments, and personal or political attacks
* Public or private harassment
* Publishing others' private information, such as a physical or email address, without their explicit permission
* Other conduct which could reasonably be considered inappropriate in a professional setting

Enforcement Responsibilities:

Community leaders are responsible for clarifying and enforcing our standards of acceptable behavior and will take appropriate and fair corrective action in response to any behavior that they deem inappropriate, threatening, offensive, or harmful.

Community leaders have the right and responsibility to remove, edit, or reject comments, commits, code, wiki edits, issues, and other contributions that are not aligned to this Code of Conduct, and will communicate reasons for moderation decisions when appropriate.

Scope:

This Code of Conduct applies within all community spaces, and also applies when an individual is officially representing the community in public spaces. Examples of representing our community include using an official email address, posting via an official social media account, or acting as an appointed representative at an online or offline event.

Enforcement:

Instances of abusive, harassing, or otherwise unacceptable behavior may be reported to the community leaders responsible for enforcement at
[Sean Hudson: sehudson03@uri.edu/732-670-7133].
[Cameron Healy: cameronj_healy@uri.edu/401-207-7170]
All complaints will be reviewed and investigated promptly and fairly.
All community leaders are obligated to respect the privacy and security of the reporter of any incident.

Enforcement Guidelines:

Community leaders will follow these Community Impact Guidelines in determining the consequences for any action they deem in violation of this Code of Conduct:
1. Correction
Community Impact: Use of inappropriate language or other behavior deemed unprofessional or unwelcome in the community.
Consequence: A private, written warning from community leaders, providing clarity around the nature of the violation and an explanation of why the behavior was inappropriate. A public apology may be requested.
2. Warning
Community Impact: A violation through a single incident or series of actions.
Consequence: A warning with consequences for continued behavior. No interaction with the people involved, including unsolicited interaction with those enforcing the Code of Conduct, for a specified period of time. This includes avoiding interactions in community spaces as well as external channels like social media. Violating these terms may lead to a temporary or permanent ban.

Addendum:

- Decisions (How will they be made? Majority, consensus, other?)
    - Consensus/compromise
- Attendance (What are your expectations for the frequency and type of attendance?; What are legitimate reasons for missing? What do missing members have to do to make up for missed meetings)
    - Both group members are expected to be in class unless there is an extenuating circumstance in which case the group must be made aware at least an hour before class
- Assignments (How will assignments be made? How will the group deal with members who do not complete (or poorly complete assignments?)
    - Assignments will be based on splitting the overall workload at any given time between both group members.
    - Note will be made of group members not completing or poorly completing assignments, and the assignments will be reallocated based on overall workload
- Participation (How will you communicate and share information; How will you ensure full participation of everyone? How will you honor member strengths and interests)?
    - Communication will be handled via text or shared Google Drive.
    - Full participation will be ensured by productivity check-ins whenever the group meets.
    - Member strengths and interests will be honored by allowing group members a say in which assignments they receive.
- Meeting Times and Locations/Mediums (How will you decide on locations and times that suit all members)?
    - Meeting times will be discussed over text based on availability and workloads outside of CSC106.
- Agenda and Minutes /Notes (Who will take them, how will they be shared?)
    - Agenda will be based on the SCRUM document, and discussed over text before meeting.
    - Notes will be alternating between the two group members by session.
    - Notes and agenda will be shared on Google Drive.
- Promptness (What do you expect and how will you handle lateness?)
    - Group members expect the entire group to be present within 5 minutes of meeting time, unless there is an extenuating circumstance.
    - Lateness will be recorded in meeting notes, and will be discussed if it is a repeating offense.
- Conversational Courtesies (How will the team encourage and reinforce active listening, sharing of the airtime, tangents, respectful dialogue, etc)
    - We will not allow either group member to have absolute power over the group, allowing both members to interact and work together on a level playing field.
    - The agenda will specify time allotted for certain subjects to ensure one member's dialogue doesn't take away from the other's.

- Enforcement/ Feedback (How will the team enforce its own rules? How do individuals prefer to give and receive feedback?)
    - We will enforce these rules by being honest with one another, and recording instances in the meeting notes.
    - Both member's will give and receive feedback in the form of constructive criticism.
